Total revenue | Transaction count | Average transaction

Comment:
Current Year revenue shows a -16.84% YoY decline. Given our heavy reliance on the ONLINE channel, investigate if overly strict fraud detection models are causing false declines. **Priority:** Leverage behavioral data to upgrade 395 'Potential Loyalists' to 'Champions' to help offset this deficit.

Performance Hierarchy Breakdown

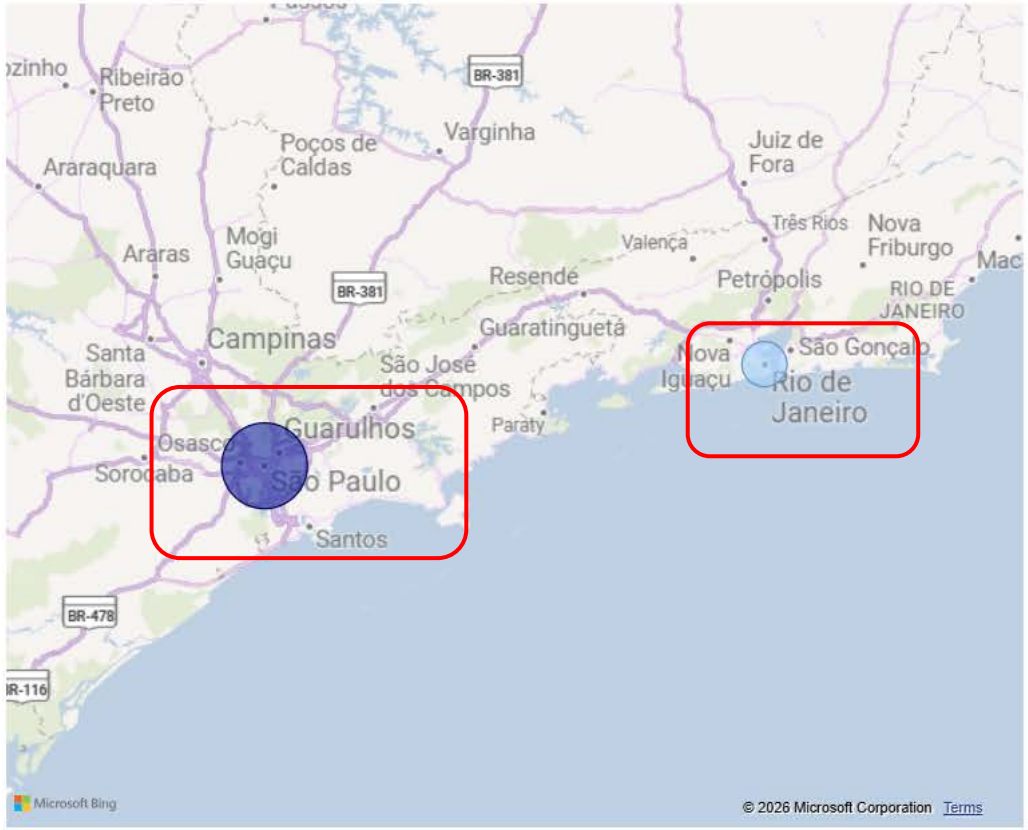

Comment:
While the USA dominates revenue generation at 83%, our significant reliance on the ONLINE channel ($97M) and high transaction volume (13M at an average of $74) indicates a strong opportunity to expand cross-border digital merchant partnerships outside the US market.
